

xx
fear is in every dark corner
on every street lurking around
waiting to scare some one. Waiting
to turn their path to nails.
to ruin some ones day when fear
surrounds you its like being sucked
in to a worm hole you never
know what happens. You can be
strong and get out from the quick
sand or you can be frozen by
the phaser ~~ton~~ of fear. Some get
sucked in but most come out
triumphant.
